VOTER-OWNED IOWA

Reclaiming Our Democracy!

Money is buying politicians' votes, and that's got to stop!

Big money and special interest contributions unduly influence our state's election process and legislative policies. This violates the rights of all Iowans to equal and meaningful participation in the democratic process. In order to restore democracy, we the undersigned, support a voluntary Voter-Owned Elections campaign finance system for all state elections.

Under this proposal, candidates could choose to no longer raise money from private sources. Instead, each participating candidate would receive a set amount of money from a publicly financed election fund. Spending by the candidate would be limited to the amount they get from the fund.
